

**November Spotlight Member**  
**Mark Dresser**

If you've been wondering who designs all our great event flyers every month and keeps our website up and running, it's none other than SCCoLPA's Member in the Spotlight for November, our very own Mark Dresser, Website Coordinator and Social Media Chair.

Mark began his legal career over 20 years ago, working as a court runner at the law firm of Newton Remmel in Mountain View. Over the years, Mark's job duties expanded as he learned all aspects of how to run a law firm behind the scenes. He developed an in-house billing program for the firm, and handled all accounts payable and receivables. He also designed the firm's website and supervised its maintenance. When the partners at Newton Remmel retired last year, Mark landed a job at the law firm of McManis Faulkner in San Jose, where he is a member of the firm's financial team.

Mark has been a member of SCCoLPA since 2011, but before then had been designing all of SCCoLPA's promotional materials for several years. Ever since he was asked to design the flyer for our very first crab feed, we knew we had a winner! Mark designs and creates every monthly dinner flyer, our educational workshop flyers and all our fundraiser flyers. We don't know how he does it, but every flyer is unique and distinct and we admire his endless creativity. We thank Mark for his dedication to the Association and congratulate him for being selected November's Member in the Spotlight!
